RE: Annual Statement Fees

Effective June 30, 1995, the State of New Jersey passed a special purpose funding bill (P.L. 1995c.156) that requires that the expenses incurred by the State in connection with the administration of the special functions of the Department of Insurance relative to the financial regulation, supervision and monitoring of insurers and health maintenance organizations be apportioned among insurers and health maintenance organizations doing business in New Jersey. The bill also provides that companies that pay the special purpose apportionment do not need to pay annual filing fees.

Therefore, please complete the following and return with your annual statement:
